## Building bridges for early education

Universitätsstadt **Freiberg** Sachsen  
vom Silber zum Silizium

### Services

for families with  
children aged  
0 to 6 years

The nationwide programme „Kindergarten-Access: Building bridges for early education“ is aimed specifically at families who have not yet fully utilised day care facilities.

### ■ We aim to support you and your child ...

- ... as you are getting ready to enrol in a day care centre.
- ... in getting to know the facilities and settling in.
- ... in gaining first group-experiences through our diverse parent-child programmes.
- ... by organising interpreters for easy communication during the enrolment process.
- ... with relevant information relating to family-focused offers available in our city.
- ... with application procedures and in communicating with civil authorities.
